

**Citizens Plan Reception For Gov. Hobby**  
Arrangements Include Reception, Ride Over City, Banquet and Dance.

When Gov. W. P. Hobby comes to the Van Horn reunion next week El Paso will be waiting to entertain him. A telegram from governor Hobby to the chamber of commerce Thursday said he would come to El Paso and that his party would consist of eight persons, including Mrs. Hobby.

At a meeting of the reception committee of the chamber of commerce Thursday afternoon, called by G. A. Martin, chairman, plans for the reception of the governor were made. Details are to be worked out by committees named by mayor Charles Davis, who presided at the committee meeting at Mr. Martin's request. The mayor was made permanent chairman.

A committee of prominent citizens, headed by the mayor, will go to Fabens Friday afternoon, Aug. 23, to meet the governor who will come to Fabens from the Van Horn picnic by train. From Fabens the governor and his party will be brought to El Paso by automobile. Here the party will be taken to the Pano del Norte and be permitted to rest a while. About 5 o'clock the party will be taken for an automobile ride over the city. From 7 o'clock until 9 o'clock a public reception for the governor and his party will be held in the lobby of the Del Norte. A reception for Mrs. Hobby will be given by women of the city on the mezzanine floor of the hotel.

From 9 o'clock to 9 o'clock a banquet for the governor will be given at the Pano del Norte, attended by men only. Meantime the women of the city will entertain Mrs. Hobby at the Toilet club. Following both dinners there will be a dance for both the governor and his wife either at the Toilet club or Country club.

Saturday the governor will be entertained in El Paso in any way he desires. He will return Saturday night, August 25, for Austin.

Among the features of the reception will be the military band, Gen. J. B. Erwin, commanding the district and other high military officials will have places of honor at the reception, banquet and at the dance to follow. A committee led by the mayor extended the invitation to the general and the military band.

Mr. Martin was named chairman of the committee to meet the governor at Fabens. Mrs. J. P. Williams heads the committee of women to entertain Mrs. Hobby. Joseph A. Wright is chairman of the banquet and reception committee.

The committee which met Thursday to plan the reception included mayor Davis, G. A. Martin, C. D. Davis, F. M. Hurdston, J. R. Montgomery, Roland Harwell, C. H. Finley, R. F. Burgess, Joseph A. Wright, Crawford Harvie, R. E. Thompson, Smith Wilham and K. M. Roberts, manager of the chamber of commerce. This committee, together with Gen. Erwin and staff, the district and county judges, senator R. M. Doolley, representative Adrian Pool, the city council and the directors of the chamber of commerce, will constitute the reception committee.

At a conference held Friday morning between Eric Gen. James B. Erwin and a citizens' reception committee headed by mayor Charles Davis arrangements were made to stage a review of the military units at Fort Bliss in honor of Gov. Hobby and his party. The review will take place at 10 o'clock, August 22.

**Grafted Walnuts Do Well in the Valley**

A report from Milton S. Graves of El Nido ranch in the lower valley, on the walnut grafting work done by R. S. Trumbull of the E. P. & S. W. railway, shows most of the varieties grafted by Mr. Trumbull are doing particularly well. While a number of grafts were put on each limb, it is the intention of removing all but one when evidence is had that a particular variety left will show the best results. The work consisted of grafting of imported walnuts from California on the native black walnut trees. Mr. Graves intends to plant more native walnuts from seed which he expects to get this season and thus continue the work.

**VALLEY CANNERY PUTS IN UP TO DATE MACHINERY**

The table is fitted with a porcelain top, same are washed, sterilized with live steam, and placed for filling aseptically.

Girl operators seated on each side of the table fill the cans through an opening in the table. When a can is filled the operator releases it by a foot pedal and an empty is placed in position, while the filled cans pass out for inspection on the way to the closing machine, which has a capacity of 72 cans per minute. The canning season will open on Bartlett pears, then tomatoes will have the call until frost, finishing up the season on sweet potatoes. Green chili, and chili and tomato products will be packed in limited quantities on slack days during the tomato season, while a quantity of pear pulp will be prepared from ripe pears early in the season to be made into jam or marmalade when the season is not running to capacity on seasonable products.

**WATER TABLE IS RISING FAST DOWN AT TORNILLO**

Following a marked rise in the water table the farmers of the Tornillo district are making energetic attempts to secure action in the building of a drainage system, according to L. W. Ivy, president of the El Paso county reclamation and irrigation district No. 2.
